

REMARKS

Claims 4-5, 9 and 11-21 were pending in the instant application. Examiner has allowed Claim 4. Applicants have canceled Claims 1-3 and 6-20; previously presented Claim 5; currently amended Claim 21; and added new Claim 22. WHEREIN, Claims 5 and 21-22 remain to be examined. No new matter has been added. No additional claims fee is believed to be due. Applicants reserve the right to prosecute the originally filed claims in the future.

Examiner has rejected Claims 9 and 11-20 under 35 USC 112, first paragraph, based on enablement. Applicants have cancelled Claims 9 and 11-20. Examiner states that gliomas, meningiomas, colon cancer, gastric cancer, pancreatic cancer, esophageal cancer, hepatocellular cancer, lung (small cell and non-small cell) cancer, thyroid cancer, breast cancer, ovarian cancer, endometrial cancer, vaginal cancer, cervical cancer, prostate cancer, testicular cancer, renal cell cancer, bladder cancer, osteosarcoma, chondrosarcoma, melanoma, basal cell carcinoma, Hodgkin's disease and retinal vascularization are enabled. Applicant, therefore, has added new Claim 22. Support for new Claim 22 is found in the specification on pages 22-25.

Examiner has rejected Claim 21 under 35 USC 112, first paragraph, as failing to comply with the written description requirement. Examiner states that the Claimed Formula I does not match the Formula I in the specification (page 2). Applicant has currently amended Claim 21 and renamed the compound as Formula II to remove the confusion.

Examiner has rejected Claims 13 and 20 based on improper incorporation by reference. Applicants have cancelled Claims 13 and 20 rendering the issue moot.

Applicants respectfully contend that the Examiner's rejections are now moot, and that Claims 4-5 and 21-22 are allowable, and a Notice of Allowance is earnestly solicited. If a telephonic communication with Applicant's representative will aid in the advancement of the prosecution of this application, please telephone the representative indicated below.

Respectfully submitted,
